

Our Brands

Ingersoll Rand is a diversified industrial manufacturer with market-leading brands serving customers in global commercial, industrial and residential markets. Our family of brands includes well-known names, such as those listed here, and dozens of highly regarded regional brands serving a variety of market segments.

- Industry-leading golf cars and utility, transportation and rough-terrain vehicles

- Air compressors, air treatment equipment and compressed air systems
- Tools, fluid pumps, material-handling equipment and air motors
- Parts, accessories and comprehensive services

- Residential and commercial mechanical locks and deadbolts
- Patented key systems, online, offline and wireless electronic locking systems, and remote home management

- Transport temperature-control units for trucks, trailers, railcars and seagoing containers
- Heating, ventilation and air-conditioning systems for buses and passenger railcars
- Electric and engine-based auxiliary idle reduction and temperature-management systems for sleeper compartments in tractor cabs

- The most extensive line of heating, ventilation and air conditioning (HVAC) systems in the industry, from large chillers to packaged rooftop units, supported by a comprehensive portfolio of service agreement solutions—with a chain of Trane HVAC parts and supplies centers
- User-tested and proven building automation controls for better HVAC system regulation and better building performance
- Leading provider of advanced heating, cooling and indoor comfort systems for residential environments with national distribution through an expert network of about 10,000 independent dealers
- Accredited Energy Services Company (ESCO)

Ingersoll Rand (NYSE:IR) advances the quality of life by creating and sustaining safe, comfortable and efficient environments. Our people and our family of brands—including Club Car®, Ingersoll Rand®, Schlage®, Thermo King® and Trane®—work together to enhance the quality and comfort of air in homes and buildings; transport and protect food and perishables; secure homes and commercial properties; and increase industrial productivity and efficiency. We are a \$14 billion global business committed to a world of sustainable progress and enduring results.

Overview

Who We Are

Ingersoll Rand advances the quality of life by creating and sustaining safe, comfortable and efficient environments. Our people and our family of brands—including Club Car®, Ingersoll Rand®, Schlage®, Thermo King® and Trane®—work together to enhance the quality and comfort of air in homes and buildings, transport and protect food and perishables, secure homes and commercial properties, and increase industrial productivity and efficiency. We are a \$14 billion global business committed to a world of sustainable progress and enduring results.

Our Commitment

We inspire progress through unleashing the potential in people and technologies to advance the quality of life. By making environments safe, comfortable and efficient, we enable our customers to achieve real progress and create a positive impact in their world.

Creating a Better Environment Through Innovation

Ingersoll Rand offers products and services that enable businesses around the world to reduce energy consumption and costs and decrease harmful environmental emissions. From energy-efficient compressed air, air-conditioning and refrigeration systems to electric-powered golf cars with near-zero emissions, Ingersoll Rand provides solutions that benefit environmental efforts across a range of global markets.

Our Businesses

Our strong foundation includes businesses with powerful brands, solid reputations and market-leading positions. These businesses are aligned within four global operations—Climate Solutions, Industrial Technologies, Residential Solutions and Security Technologies. Each one of these sectors is composed of one or more of our leading brands.

Climate Solutions

Climate Solutions delivers energy-efficient solutions globally and includes Trane, which provides HVAC systems and building services, parts, support and controls for commercial buildings, and Thermo King, the leader in transport temperature control solutions.

Industrial Technologies

Industrial Technologies provides products, services and solutions to enhance customers' productivity, energy efficiency and operations. Products include compressed air systems, tools, fluid power products, and golf and utility vehicles.

Residential Solutions

Residential Solutions includes the Trane and Schlage brands, which deliver safety, comfort and efficiency to homeowners throughout the Americas, and has recently expanded into India. With a broad range of products and services spanning energy-efficient HVAC systems, indoor air quality solutions, advanced controls, mechanical and electronic locks, portable security systems and remote home management through Nexia™ Home Intelligence, Residential Solutions helps consumers bring energy efficiency, reliability and comfort to their homes.

Security Technologies

Security Technologies supplies global leading commercial security products and services. The segment's market-leading products include electronic and biometric access control systems; time-and-attendance and personnel scheduling systems; mechanical locks; portable security; and mechanical and electronic security products such as door closers, exit devices, architectural hardware, and steel doors and frames.
